"He either fears his fate too much,
Or his desert is small,
Who dares not put it to the touch,
To win or lose it all."

If you do not enter the Mail and Mirror contest you lose for a certainty; if you do enter you have an excellent chance of winning a most costly and desirable prize.

Just think of the prizes: A Reo Automobile (Runabout) to be given away for a little effort in less than nine weeks. Did you ever hear of a more liberal offer? This machine is not a toy, it is a real get-there-and-back "joy wagon" of standard make.

During the past few years there has been a wonderful awakening to the fact that the Reo is the only type of car that has truly "made good" in every sense of the word and the position of the Reo in that class, is so pre-eminent that it is not even a subject of argument. The Reo was the

LOST WATCH THROUGH VISIT OF BURGLARS

Thieves Take Timepiece of Charleroi Minister but do not Touch Anything Else.

As the result of a visit last week of burglars at the home of his sister-in-law, Miss Bess McCormick, in East End, Pittsburg, Rev. A. M. Doak is minus a valuable gold watch, which had been given him by the congregation of the M. E. church at Noblestown, the charge he held before coming here.

Rev. Doak not long ago sent the watch to the jewelry shop of J. M. Roberts in Pittsburg to have it cleaned and repaired. He gave the check to his sister-in-law to get the watch from the shop and she secured it. A day or two afterwards, before she had a chance to return the timepiece to the owner, burglars entered her home and when they departed took the watch with them. Nothing else was stolen. The Pittsburg police were notified and given a description of the property, and a detective was put on the job, but no results have been announced as yet.

BARBERS OF CHARLEROI ON STRIKE

Employers Refuse to Agree to Certain Conditions Asked For.

WANT MORE FOR SHAVE

A strike went into effect this morning when members of Charleroi Local No. 616 of the Journeymen's Barbers' International Union went out. There are about 15 barbers out, the shops conduc ed by colored men and one other, an Italian shop, not being affected.

The disagreement is over four points. The journeymen in their agreement finally presented last night to the master barbers, was that they shall have one-half day off each week from 12 o'clock until 6 p. m. On part of Rule 2 in the agreement the master barbers balk. The rule is "Journeymen shall be required to work the evenings before holidays, such as New Years, Decor tion Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas, and closed the specified days, except when falling on Saturday, when they shall work until 10 p. m. the evening before and until 12 Saturday, for which they shall receive full week's pay. Journeymen working Saturday shall receive not less than $5.00 and 50 per cent over $8.00 above receipts taken in by him."

This rule practically means that the journeymen are asking for a full day's pay on the above named holidays, when they work in reality about half a day. This is in accordance with the usual straight salary plan. The master barbers are willing to pay the journeymen a day and a half's pay if they work the proceeding day and evening. The barbers demand not less than 45 minutes for each meal. The master barbers are willing to grant this with the exception of Saturday, when they wish to cut the meal time down to 30 minutes.

The really big item in the strike, however, is the demand for a raise of a price of a shave. The local union in their scale, ask that a shave cost 15 cents, with or without a neck shave. The shave in the past has cost 10 cents, and if a neck shave was desired five cents extra.

It is thought that the journeymen and the employers will get together within a short time, inasmuch as the differences are not great.

Postal Banks

If President Taft has his way, and it looks as though he would, the pledge of the Republican platform for postal savings banks will be redeemed. A bill providing for postal savings banks has been prepared, and the indications are that it will become a law.

Under the bill all money order offices will be declared postal depositories and the public will be permitted to deposit funds in multiples of a dollar, but no account shall exceed $500. These deposits will draw interest at 2 per cent annually. The postal funds will be distributed with local banks, which will pay 2 1-4 per cent thereon. As security to the Government the banks may give indemnity bonds in lieu of the customary collateral.

Postals savings bank are an important factor in many other countries and there is no reason why they should not be a benefit in this country. It is believed that they would bring millions of dollars put of hiding places in small sums and put it in cirulation. The system cannot do any harm at least and is worth a trial.

THE MAIL AND MIRROR AUTOMOBILE CONTEST

(Continued from First Page).

only car in that class to secure a perfect score in the Glidden Tour of 1908, which fact has caused world-wide comment. It is the acme of achievement in runabout construction, and was chosen by the Mail and Mirror as the first grand prize in their mammoth voting contest and the person winning the Reo will be the happy and lucky owner of one of the best cars on the market. The car will be on display within a few weeks.

THE BOSTON PIANO.

In addition to The Reo there are a number of other valuable prizes to be given away by the Mail and Mirror, among which is a $400 Boston Piano, which was purchased from S. L. Woodward, 421 McKean avenue, where it is on display. Candidates and their friends are invited to call and inspect it.

The Boston Piano is made at Coshocton, Ohio, and is so well known by the music loving people of the Monongahela valley that an extensive description is unecessary here. This piano is given as second grand prize in the great contest and there is little wonder that so many names of young ladies and gentlemen appear in the list of contestants published today.

Besides the automobile and the piano as grand prizes there are six district prizes which consist of Six Gold Elgin or Waltham watches of either ladies' or gentlemen's sizes, which are on display at J. W. McKean's Jewelry store.

Today you will see published the list of candidates entered so far in the Mail and Mirror's contest. You know the value of the prizes and you have a idea that you would like to win one of them you can readily see that there is plenty of room for an energetic contestant, especially in some districts Do not hesitate any longer about entering the contest, but start right now and in a few days you can stand abreast with the leaders.

JUST EIGHTY-TWO NAMES ENTERED

IS YOU NAME ON THE LIST?

Just eighty-two names have been entered in the contest. Some have been entered by themselves, while others have been nominated by their friends. All have the same opportunity to win one of the valuable prizes. The winners will be the ones who hustle the hardest and do not overlook an opportunity to secure a subscription. Be a hustler; it costs you nothing but a little effort. Your friends will help you if you ask them; so ask them right away before some one else does.

The fact that a large number of candidates have already entered the race, should not frighten you. Simply because: The more candidates in the fight the better chance you have of winning. It wil require less effort on your part to secure a sufficient number of votes to win if you have a large number of candidates to compete with.

CALL AND GET A RECEIPT BOOK

The contest receipt books are now ready and candidates are invited to call at the office and get a supply. Give all of your friends a book and orm a strong working organization. We will supply you with as many books as you can use. THEY ARE FREE, ASK FOR THEM. The contest department will remain open until 8 p. m. each day in order to accommodate those who cannot call

New Use for Electric Fans.

They will help heat a building as well as keep it cool. The Electric Fan should not be stored away. Its services are as essential in winter as in summer. It can be used to advantage by placing it in the intake of a hot air frunace to force the circulation of hot air to distant rooms and to heat rooms quickly.

The breeze from an electric fan blowing through a radiator circulates the heated air and gives a more even distribution of heat and assists materially in quickly heating large rooms and halls.

The circulation of heat by the use of the electric fan saves a large percentage of fuel and is well worth trying. The West Penn Electric Co. 'Phone 147. J. 15-22-29

Quick Heat by Electricity.

When heat is wanted in a room quickly it can be obtained by means of electric radiators. They are clean, convenient, and economical in operation. They may be carried from room to room, as convenience dictates, and it is only necessary to attach a cord to the nearest socket.

An electric heating pad or bed warmer adds greatly to the comfort of the sleeper on cold winter nights. The electric milk warmer and shaving mug are also coming into common use, and the cost of operation is a mere trifle compared with the comfort derived from their use. The West Penn Electric Co. Dr. Wm. E. Barker Makes a Remarkable Statement After Traveling from the Atlantic to the Pacific

As he secured some of the most notable indosements to his theory, he does not hesitate in saying that he will positively guarantee bloodine to cure stone in the bladder of any kidney or bladder trouble, no matter how long you have been suffering. Ninety-seven per cent of the entire population of the United States are afflicted with kidney or bladder trouble. In the last seven years bloodine has cured 96 per cent of the cases that have been treated with it.

Hundreds of cases of hemorrhage of the bladder have been cured after treatment in some of the leading hospitals have failed to even relieve the patient. We are therefore confident that our theory of treating these cases with bloodine, is the only possible manner in which such a large percentage of cases can be cured that we do not hesitate to guarantee the efficiency of bloodine.

Mr. Hanson, the business manager of the Postal Telegraph and Cable Co., of Biddeford, Maine, had a stone in the bladder removed with six and one-half bottles bloodine, after being told by all of the leading physicians in his vicinity that the only way it could possible be removed was by an operation. We stand ready to furnish positive proof of the above statement to any one doubting the truth of the same.

More than five million bottles of bloodine were sold in America last year. Can there by any greater evidence of merit than this unparalleled sale of a scientific product? No other product has ever met with such astounding sales in so short a period and from a conservative estimate the sales this year will reach ten million bottles. 2880 bottles were sold in a single day's sales in Cleveland, Ohio; 2160 bottles were sold in Rochester, N Y., at the first day's introductory sale, and 1400 bottles in Patterson, N. J., in one day. No scientific treatment has ever attained such success in America. We are now supplying druggists with bloodine, for the convenience of those wishing to convince themselves of its merits. If your druggitst does not have it, The Bloodine Laboratories, Boston, Mass., will supply you with a six week's treatment, six bottles, for $2.50; 50c a bottle, trial sample and booklet 10c.

If you do not enter the Mail and Mirror contest you lose for a certainty, if you do enter you have an excellent chance of winning a most costly and desirable prize.

Just think of the prizes: A Reo Automobile (Runabout) to be given away for a little effort in less than nine weeks. Did you ever hear of a more liberal offer? This machine is not a toy, it is a real get-there-and-back "joy wagon" of standard make.

During the past few years there has been a wonderful awakening to the fact that the Reo is the only type of car that has truly "made good" in every sense of the word and the position of the Reo in that class, is so pre-eminent that it is not even a subject of argument. The Reo was the

LOST WATCH THROUGH VISIT OF BURGLARS

Thieves Take Timepiece of Charleroi Minister but do not Touch Anything Else.

As the result of a visit last week of burglars at the home of his sister-in-law, Miss Bess McCormick, in East End, Pittsburg, Rev. A. M. Doak is minus a valuable gold watch, which had been given him by the congregation of the M. E. church at Noblestown, the charge he held before coming here.

Rev. Doak not long ago sent the watch to the jewelry shop of J. M. Roberts in Pittsburg to have it cleaned and repaired. He gave the check to his sister-in-law to get the watch from the shop and she secured it. A day or two afterwards, before she had a chance to return the timepiece to the owner, burglars entered her home and when they departed took the watch with them. Nothing else was stolen. The Pittsburg police were notified and given a description of the property, and a detective was put on the job, but no results have been announced as yet.

BARBERS OF CHARLEROI ON STRIKE

Employers Refuse to Agree to Certain Conditions Asked For.

WANT MORE FOR SHAVE

A strike went into effect this morning when members of Charleroi Local No. 616 of the Journeymen's Barbers' International Union went out. There are about 15 barbers out, the shops conducted by colored men and one other, an Italian shop, not being affected.

The disagreement is over four points. The journeymen in their agreement finally presented last night to the master barbers, was that they shall have one-half day off each week from 12 o'clock until 6 p. m. On part of Rule 2 in the agreement the master barbers balk. The rule is "Journeymen shall be required to work the evenings before holidays, such as New Years, Decoration Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas, and closed the specified days, except when falling on Saturday, when they shall work until 10 p. m. the evening before and until 12 Saturday, for which they shall receive full week's pay. Journeymen working Saturday shall receive not less than $5.00 and 50 per cent over $8.00 above receipts taken in by him."

This rule practically means that the journeymen are asking for a full day's pay on the above named holidays, when they work in reality about half a day. This is in accordance with the usual straight salary plan. The master barbers are willing to pay the journeymen a day and a half's pay if they work the proceeding day and evening. The barbers demand not less than 45 minutes for each meal. The master barbers are willing to grant this with the exception of Saturday, when they wish to cut the meal time down to 30 minutes.

The really big item in the strike, however, is the demand for a raise of a price of a shave. The local union in their scale, ask that a shave cost 15 cents, with or without a neck shave. The shave in the past has cost 10 cents, and if a neck shave was desired five cents extra.

It is thought that the journeymen and the employers will get together within a short time, inasmuch as the differences are not great.

Postal Banks

If President Taft has his way, and it looks as though he would, the pledge of the Republican platform for postal savings banks will be redeemed. A bill providing for postal savings banks has been prepared, and the indications are that it will become a law.

Under the bill all money order offices will be declared postal depositories and the public will be permitted to deposit funds in multiples of a dollar, but no account shall exceed $500. These deposits will draw interest at 2 per cent annually. The postal funds will be distributed with local banks, which will pay 2 1-4 per cent thereon. As security to the Government the banks may give indemnity bonds in lieu of the customary collateral.

Postals savings bank are an important factor in many other countries and there is no reason why they should not be a benefit in this country. It is believed that they would bring millions of dollars put of hiding places in small sums and put it in cirulation. The system cannot do any harm at least and is worth a trial.

THE MAIL AND MIRROR AUTOMOBILE CONTEST

(Continued from First Page).

only car in that class to secure a perfect score in the Glidden Tour of 1908, which fact has caused world-wide comment. It is the acme of achivement in runabout construction, and was chosen by the Mail and Mirror as the first grand prize in their mammoth voting contest and the person winning the Reo will be the happy and lucky owner of one of the best cars on the market. The car will be on display within a few weeks.

THE BOSTON PIANO.

In addition to The Reo there are a number of other valuable prizes to be given away by the Mail and Mirror, among which is a $400 Boston Piano, which was purchased from S. L. Woodward, 421 McKean avenue, where it is on display. Candidates and their friends are invited to call and inspect it.

The Boston Piano is made at Cosbocton, Ohio, and is so well known by the music loving people of the Monongahela valley that an extensive description is unecessary here. This piano is given as second grand prize in the great contest and there is little wonder that so many names of young ladies and gentlemen appear in the list of contestants published today.

Besides the automobile and the piano as grand prizes there are six district prizes which consist of Six Gold Elgin or Waltham watches of either ladies' or gentlemen's sizes, which are on display at J. W. McKean's Jewelry store.

Today you will see published the list of candidates entered so far in the Mail and Mirror's contest. You know the value of the prizes and you have a idea that you would like to win one of them you can readily see that there is plenty of room for an energetic contestant, especially in some districts. Do not hesitate any longer about entering the contest, but start right now and in a few days you can stand abreast with the leaders.

JUST EIGHTY-TWO NAMES ENTERED

IS YOU NAME ON THE LIST?

Just eighty-two names have been entered in the contest. Some have been entered by themselves, while others have been nominated by their friends. All have the same opportunity to win one of the valuable prizes. The winners will be the ones who hustle the hardest and do not overlook an opportunity to secure a subscription. Be a hustler; it costs you nothing but a little effort. Your friends will help you if you ask them; so ask them right away before some one else does.

The fact that a large number of candidates have already entered the race, should not frighten you. Simply because: The more candidates in the fight the better chance you have of winning. It will require less effort on your part to secure a sufficient number of votes to win if you have a large number of candidates to compete with.

CALL AND GET A RECEIPT BOOK

The contest receipt books are now ready and candidates are invited to call at the office and get a supply. Give all of your friends a book and orm a strong working organization. We will supply you with as many books as you can use. THEY ARE FREE, ASK FOR THEM. The contest department will remain open until 8 p. m. each day in order to accommodate those who cannot call

New Use for Electric Fans.

They will help heat a building as well as keep it cool. The Electric Fan should not be stored away. Its services are as essential in winter as in summer. It can be used to advantage by placing it in the intake of a hot air frunace to force the circulation of hot air to distant rooms and to heat rooms quickly.

The breeze from an electric fan blowing through a radiator circulates the heated air and gives a more even distribution of heat and assists materially in quickly heating large rooms and halls.

The circulation of heat by the use of the electric fan saves a large percentage of fuel and is well worth trying. The West Penn Electric Co. 'Phone 147. J. 15-22-29

Quick Heat by Electricity.

When heat is wanted in a room quickly it can be obtained by means of electric radiators. They are clean, convenient, and economical in operation. They may be carried from room to room, as convenience dictates, and it is only necessary to attach a cord to the nearest socket.

An electric heating pad or bed warmer adds greatly to the comfort of the sleeper on cold winter nights. The electric milk warmer and shaving mug are also coming into common use, and the cost of operation is a mere trifle compared with the comfort derived from their use. The West Penn Electric Co. Dr. Wm. E. Barker Makes a Remarkable Statement After Traveling from the Atlantic to the Pacific

As he secured some of the most notable indosements to his theory, he does not hesitate in saying that he will positively guarantee bloodine to cure stone in the bladder of any kidney or bladder trouble, no matter how long you have been suffering. Ninety-seven per cent of the entire population of the United States are afflicted with kidney or bladder trouble. In the last seven years bloodine has cured 96 per cent of the cases that have been treated with it.

Hundreds of cases of hemorrhage of the bladder have been cured after treatment in some of the leading hospitals have failed to even relieve the patient. We are therefore confident that our theory of treating these cases with bloodine, is the only possible manner in which such a large percentage of cases can be cured that we do not hesitate to guarantee the efficiency of bloodine.

Mr. Hanson, the business manager of the Postal Telegraph and Cable Co., of Biddeford, Maine, had a stone in the bladder removed with six and one-half bottles bloodine, after being told by all of the leading physicians in his vicinity that the only way it could possible be removed was by an operation. We stand ready to furnish positive proof of the above statement to any one doubting the truth of the same.

More than five million bottles of bloodine were sold in America last year. Can there by any greater evidence of merit than this unparalleled sale of a scientific product? No other product has ever met with such astounding sales in so short a period and from a conservative estimate the sales this year will reach ten million bottles. 2880 bottles were sold in a single day's sales in Cleveland, Ohio; 2160 bottles were sold in Rochester, N. Y., at the first day's introductory sale, and 1400 bottles in Patterson, N. J., in one day. No scientific treatment has ever attained such success in America. We are now supplying druggists with bloodine, for the convenience of those wishing to convince themselves of its merits. If your druggist does not have it, The Bloodine Laboratories, Boston, Mass., will supply you with a six week's treatment, six bottles, for $2.50; 50c a bottle, trial sample and booklet 10c.

From 12 o'clock Thursday night to 12 o'clock, Friday noon 22 steamboats were locked through Lock No. 4. This is rather an excertional number. The coal shipments were better than usual yesterday.

An Error Corrected

In the first paragraph of the contest writeup yesterday there was an error in the date of the closing of the contest. It read March 6, when it should have read March 26.
